FOUR COLLECTIONS. UNLIMITED POSSIBILITY.

"DIFFERENT SONGS, DEPENDING ON YOUR MOOD" IS HOW ONE RIDER DESCRIBED THE FTR 1200'S four collections: Tracker, Rally, Sport, and Tour. The FTR 1200 is a bike built to be yours, with a sprawling catalog of more than 40 parts and accessories. The four collections curate pieces for your favorite type of riding, but you can also pick and choose and customize to your heart's content.

TRACKER

COLLECTION

The Tracker Collection is the closest you'll come to a street-legal FTR750 race bike. Unique bodywork, clear turn signals, a shallow seat, and number plates on the side set the collection apart.

HIGH MOUNT SLIP-ON EXHAUST BY AKRAPOVIČ

Add style and sound to your ride with these titanium and stainless steel slip-on high exhaust pipes by Akrapovič. The kit includes two black matte carbon fiber mounted heat shields covering the stainless steel link pipes. The titanium mufflers mount the system to an accessory mounting kit, sold separately. Passenger foot peg mount required for passengers, sold separately when using the high exhaust. Plus, conveniently change from low to high-mount exhaust with the conversion kit by Akrapovič, sold separately.

\$1,699.99 PART NO. 2883519

TRACKER SEAT

The long, thin seat of a flat-track motorcycle allows the rider to easily and comfortably move around — a simple and handsome solution, available for your FTR 1200. This black, dimpled vinyl seat is longer than the stock seat and fits snugly against the required Tracker Seat Base Cowl, sold separately.

\$199.99 PART NO. 2884144-VBA

SIDE NUMBER PLATES

Make your FTR 1200 look like it's at home on the track with the flat-track-style Side Number Plates, which come with customizable black decal kits that let you choose any number 00-99. The injection-molded plastic plates come with one of two black powder-coated mounting kits (depending on exhaust style).

\$249.99 PART NO. 2883505

HANDLEBAR WAFFLE GRIPS BY PROTAPER®

Waffles are awesome, and so is the waffle-like pattern on this set of titanium gray ProTaper® rubber grips. Not only does the pattern look cool, it gives your hands extra soft and squishy material to squeeze.

\$29.99 PART NO. 2884100

CLEAR TURN SIGNALS

Some folks just love clear turn signals. Indian Motorcycle is here to help. These four turn signals function as stock, but use clear lenses instead of amber.

\$119.99 PART NO. 2884156

ACCESSORY MOUNTING KIT

The High Exhaust, High License Plate, Side Bag Rack, Side Number Plate and Rear Mudguard all require this accessory mounting kit for installation. Made from laser cut steel, E-coated and powder-painted black.

\$249.99 PART NO. 2884060

TRACKER SEAT BASE COWL

A flat-track bike's snub-nose rear cowl is one of its most distinctive, attractive features, which is why it's been embraced by builders and enthusiasts outside of the race paddock. This injection-molded cowl for your FTR 1200 is available in three liveries: Indian Motorcycle Red (639), Thunder Black (266), and Thunder Black Pearl (666).

RALLY

COLLECTION

The Rally Collection swaps the standard 10-spoke, cast-aluminum wheels for a sturdy aluminum wire wheel set. A unique seat and mudguards set the Rally Collection apart, as does a high-mount Akrapovič exhaust. This year, Indian Motorcycle introduced the FTR 1200 Artist Series - a limited edition line of tank covers that instantly transform the FTR 1200 into a piece of mobile, fine art. Indian Motorcycle curated its lineup of artists to ensure a diverse spectrum of artistic expressions from street graffiti to modern abstract art. The designs were unveiled in June 2019 and only 100 of each were produced.

DESIGN: A NEW DAY

A true "O.G." in the world of graffiti, RISK began his career as a founding member of the WCA (West Coast Artists) graffiti crew. RISK was one of the first graffiti writers in Southern California to paint freight trains and pioneered the use of billboards and freeway overpasses as artistic canvases. Over several decades, his career has transitioned from the streets to museums, galleries, clothing lines. RISK is an innovative contemporary artist who now incorporates everything from advanced "color theory" to "neon" in his body of work.

DESIGN: THE DEVIL WITHIN

D*Face (a.k.a. Dean Stockton) is a leading figure in Urban Contemporary Art, inaugurating his career on the streets more than 15 years ago. He originally entered the scene by hand-drawing stickers and posters, adhering them all over London and beyond for the unsuspecting public to discover. His work has since evolved, from fine art gallery shows to full-scale outdoor mural installations that transform urban landscapes and high-rise buildings into massive works of art.

DESIGN: MEANT TO TELL YOU

ThankYouX (a.k.a. Ryan Wilson) began his artistic journey on the streets of Los Angeles in 2009 spray painting stencils in homage to Andy Warhol. While these signature stencils were his initial calling card, they were only scratching the surface of his multi-faceted artistic identity. As his level of notoriety expanded, the nature of his expression evolved to modern abstract designs that stand in contrast to the more conventional graffiti-inspired street art paradigm. His unique brand of street art has captured attention and earned acclaim around the world.

DESIGN: CAB DRAGON

A legendary skateboarding icon and original member of the famed "Bones Brigade", Cab has forged his legacy by turning pools and half pipes into canvases for his skate artistry. Over the years, he has become well known for his extraordinary "low-brow" hot-rod-culture-inspired original art work. His designs are now highly sought after by brands and collectors across the skate and art industries.

DESIGN: RISING FROM THE ASHES

A homegrown visionary from Indian Motorcycle's backyard of Minneapolis, Turman is known best for large-scale, vivid and dynamic wall-mural installations throughout the Midwest. He began his art career by creating gig posters for local bands, taking inspiration from the bold, graphic style of 1980s comics and heavy metal art. Turman's keen ability to marry his bold, vivid artistic visions with strategic-marketing objectives has made him one of the Midwest region's most sought-after commercial artists.

AUTHENTIC PARTS & LUBRICANTS

Indian Motorcycle invests millions in engine development, and part of that investment is making sure its lubricants—critical to engine performance—are the right formula for your specific engine.
