# MADE RIGHT

TO LIVE RIGHT.

It's good to be set in your ways—when they're the right ways. To us, that means designing, engineering and assembling our motorcycles by hand, here at home. The way we did back in 1901. The only way we know.

With its sinister, blacked-out look, the Chief Dark Horse refuses to be ignored. And with the renowned Thunder Stroke III engine, it doesn't just talk the talk, it walks the walk.

# ULTIMATE CONTROL

**AT YOUR FINGERTIPS.**

With an industry-leading Ride Command system, you control every aspect of your ride on a glove-compatible touchscreen with an easy-to-use interface, customizable vehicle information screen and two-finger pinch-to-zoom. New for 2020, improved mapping connectivity keeps you up to date with live traffic and weather, making rerouting easier than ever before.

Some were born to lead. Chieftain was designed that way, with streamlined, aggressive styling. And new for 2020, choice of the award-winning Thunder Stroke 111 or new 116 engine.
